Annika Stanley-Smith, Director of Substance Misuse Prevention, Granite United Way; Working Group Member, New Hampshire Recovery Friendly Workplace Initiative

Annika Ms. Stanley-Smith has worked in the Capital Area Public Health Network, an initiative of Granite United Way, since 2014. She was a substance misuse prevention coordinator for the organization until April 2019, when she became the director of substance misuse prevention. Annika holds a BS degree in industrial-organizational psychology from Southern New Hampshire University. In May 2016, she earned her Certified Prevention Specialist credential. That same year, New Futures awarded her the Tom Fox Prevention Scholarship in recognition of her demonstrated leadership and significant service to the delivery of preventing drug and alcohol problems. Annika has played a key role in the development of the Recovery Friendly Workplace Initiative and provides ongoing coordination and support to the initiative through her work at Granite United Way.
